

Quick Guide – OrderBOOK iPad App Version

06/2020

1. Installations-Link

Please enter the link <https://app.smartview360.com/v3/> in the address line of your browser and start the download of the OrderBOOK app by tapping on the OrderBOOK icon.

A popup is displayed where the installation must be confirmed. Then press the Home button on the iPad and wait until the OrderBOOK app is fully installed.

2. Unlock OrderBOOK app on the iPad

Please open the following - **Settings > General > Device Management > Smartview360 GmbH** - click on: **trust „Smartview360 GmbH“**. The OrderBOOK app is now unlocked and can be opened.

3. First registration

Please enter the e-mail address for registration and confirm with "Login". Then set your own password and log in.

The image shows the OrderBOOK app's login screen. It has a dark background with the word "ORDERBOOK" in large, white, uppercase letters at the top. Below the title, there is a prompt "Please enter your email address" followed by a white text input field containing the email address "mandy@smartview360.com". Below this is another white text input field with the placeholder text "Password (leave empty to register)". Underneath the password field is a grey button with the text "Log in" in white. At the bottom of the screen, there is a link that says "I don't have my password" in white.

The OrderBOOK app is now ready to use!
